West Coast Firestopping, Inc.
1130 W Trenton Ave
Orange, CA 92867

To Whom It May Concern:

This letter is to inform any general contractor that West Coast Firestopping, Inc., has been purchasing and installing Hilti Firestop products since 2007. West Coast has gone through manufactures training classes, passed our testing and is a Hilti Platinum Firestop Specialty Contractor. In addition, West Coast Firestopping is a Factory Mutual Approved Firestop Specialty Contractor (FM 4991). Hilti is very comfortable selling and having West Coast Firestopping installing our products by their trained Technicians. They have performed work on many Commercial, School and Hospital projects. I have personally watched them installing our firestop products in Southern California over the last few years.

If you have any question please call me.

Best regards,

Kenneth Hill

Sr. Fire Protection Specialist
